

To Whom It May Concern:

The Financial Aid Officer at Teterboro School of Aeronautics has counseled me as to my options regarding Student Loans. I have been informed that I may inquire and receive my student loan(s) from any financial institution authorized to participate in the FFEL program, and that I am not required to use any institutions suggested by the school.

I have also been informed that Teterboro School of Aeronautics only uses the Federal Direct Loan Program as of August 1, 2008, for new students starting after that date. If I so choose, I may go through the school for my Federal Direct Student Loans and understand that my loans will come directly from the US Government.

I further understand that I will go through the entrance interview process regardless of the loan program I choose, and receive a copy of the promissory note for my records at the time I sign it.

All refunds will be returned to the Title IV program of:  Student  Parent

**Please select ONE (1) of the following choices:**

I choose to use the Federal Direct Student Loan program, through the school.

I choose to use my own lender. I will complete all paperwork on my own and have my lending institution contact the school for loan certification.

**If you wish to add an Unsubsidized Loan to your Financial Aid Package, please check the following:**

I wish to take advantage of the additional Unsubsidized Loan offered to me (\$2000.00 per year / Dependent Student; \$4000 /or \$6000 per year/Independent Student)
